She's the future of Clackamas County—will you help make it a bright one?

You've heard it a thousand times, "children are our future." What that quote doesn't say is how you can help make that future a brighter one. Parrott Creek Child & Family Services invites you to learn more about the tough problems we are working to alleviate here in Clackamas County. For almost 40 years, we've been addressing difficult problems like juvenile crime, at-risk families struggling with poverty and overwhelming stress, and foster children aging out of foster care without a family to call their own.

Our lunchtime tours are designed to help you better understand the many services we offer in our communities and what an important difference you can make in the lives of children and families in Clackamas County.

Please join us to learn more about how, together, we can make our community a healthier, more hopeful place to live for all families.
